

RAED KHALIL AL-SAIDI

Software Engineer | Full Stack Web Developer | Front-End & React Developer | Computer Science Teacher

Gaza, Palestine | +970 599 242 087 | elsaidiraed@gmail.com

Portfolio: <https://raed-elsaidi.github.io/Project0005/> | GitHub: <https://github.com/raed-elsaidi> | LinkedIn: <https://www.linkedin.com/in/raed-elsaidi-98b1033a6>

PROFESSIONAL SUMMARY

Results-driven Software Engineer and Full Stack Developer with over 20 years of expertise spanning web application engineering, database administration, municipal workflow automation, healthcare management platforms, and technical education. Expert in designing and building scalable, high-performance web applications using React.js, JavaScript (ES6+), Node.js, Express.js, and modern CSS frameworks (Tailwind CSS, Bootstrap). Strong mastery of SQL, Oracle Database, MySQL, and MongoDB. Proven track record of architecting enterprise administrative applications, specialized medical clinic software, interactive educational tools, mentoring tech talent, and delivering user-centric digital products.

TECHNICAL SKILLS

- **Front-End Engineering:** React.js, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Bootstrap, Responsive Web Design, DOM Manipulation, Component-Based Architecture
- **Back-End & APIs:** Node.js, Express.js, PHP, Laravel, RESTful API Development & Integration
- **Databases & Storage:** SQL, Oracle Database, MySQL, MongoDB, Database Optimization & Schema Design
- **Programming & Tools:** JavaScript, Python, PHP, Git, GitHub, GitHub Pages, Visual Studio Code
- **Engineering Practices:** UI/UX Principles, Software Testing & Debugging, Agile Development, Problem Solving, Code Optimization

FEATURED WEB DEVELOPMENT PROJECTS

1. Personal Portfolio Website

Technologies: React.js, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Git, GitHub Pages, AOS Library | **URL:** <https://raed-elsaidi.github.io/Project0005/>

- Designed and developed a modern responsive portfolio website showcasing professional experience, technical skills, certifications, and software projects with a clean UI/UX and Dark Mode support.

2. Online Store Website

Technologies: HTML5, CSS3, JavaScript (ES6+), Tailwind CSS, Responsive Web Design | **URL:** <https://raed-elsaidi.github.io/Project0004/>

- Designed a responsive e-commerce website featuring product listings, shopping cart functionality, and an intuitive user interface.

3. Travel & Tourism Website

Technologies: HTML5, CSS3, Tailwind CSS, JavaScript, Web UI Design | **URL:** <https://raed-elsaidi.github.io/project0003/>

- Developed a responsive tourism website showcasing travel destinations and tourism services with a modern user interface.

4. Perfume Store Website

Technologies: HTML5, CSS3, JavaScript, Web UI Design | **URL:** <https://raed-elsaidi.github.io/Project0002/>

- Designed a responsive perfume store website with a clean layout and modern user experience.

5. Library Website

Technologies: JavaScript (ES6+), HTML5, CSS3, DOM Manipulation, UI Design | **URL:** <https://raed-elsaidi.github.io/Project0001/>

- Built a responsive online library website providing an organized interface for browsing books and collections.

ENTERPRISE, MUNICIPAL, MEDICAL & EDUCATIONAL SYSTEMS

Abjad – Interactive Arabic Alphabet Learning Application

Technologies: JavaScript (ES6+), HTML5 Audio API, CSS3, Educational Technology

- Designed and deployed "Abjad", an engaging interactive educational web application helping children master Arabic alphabet phonics and letter recognition through interactive visual and audio feedback.

Municipal Crafts & Industries Department Management System

Technologies: SQL, Oracle Database, MySQL, Relational Database Design, Desktop/Web Enterprise Architecture

- Engineered a specialized municipal enterprise management application for the Crafts and Industries Department to automate commercial licensing, industrial business registry, field inspection workflows, and fee collection management, boosting administrative processing efficiency by 35%.

Medical & Healthcare Clinic Software Systems

Technologies: SQL, Oracle Database, MySQL, Healthcare Systems Architecture, Clinical Data Management

- Architected specialized medical software solutions for health clinics and medical centers (UNRWA & Public Healthcare) covering five key departments:
 - **Radiology Department:** Digital diagnostic imaging tracking, radiologist reporting workflows, and patient scan appointment scheduling.
 - **Physical Therapy Department:** Patient rehabilitation session tracking, custom physical therapy treatment plans, and recovery progress logs.
 - **Laboratory Department:** Automated lab test order entry, diagnostic specimen tracking, and computerized lab result recording.
 - **Chronic Diseases Department:** Long-term patient tracking, chronic illness progress monitoring, and ongoing prescription history management.
 - **School Health Department:** Student medical examination records, periodic health check-ups, and immunization/vaccination tracking protocols.

PROFESSIONAL EXPERIENCE

Computer Science & IT Teacher | Ministry of Education | Gaza, Palestine | 2005 – Present

- Instruct over 500+ secondary school students annually in Computer Science, full-stack programming fundamentals, database design, and network protocols.
- Pioneered digital learning frameworks and interactive programming exercises, raising practical examination performance by 25%.
- Mentored student teams in software engineering principles, guiding hands-on creation of modern web applications and computational problem solving.

Technical Trainer | Al-Karam Educational Foundation | 2005 – 2006

- Designed and led technical training workshops in software applications and front-end web development for over 150+ professional trainees.

Software Programmer | Municipality | 2004 – 2005

- Architected database-driven enterprise applications to streamline departmental operations and municipal administrative workflows.
- Authored and optimized complex SQL queries and relational database tables, decreasing database execution times by 35%.

Administrative Clerk | UNRWA | 2003 – 2004

- Managed digitized administrative documentation systems and electronic record-keeping, boosting data access efficiency.

EDUCATION

Bachelor of Computer Information Systems (CIS) • Al-Quds Open University (1998 – 2003)

CERTIFICATIONS

- Web Development Diploma – SEF Academy (2026)
- Start and Improve Your Business (SIYB) – Palestine Employment Foundation (2023)
- Python Programming Certification – Dubai Future Foundation (2014)
- Microsoft Certified Systems Engineer (MCSE) – New Horizons (2003)
- SQL & Oracle Database Development Certification – Computer Land Center (2001)

ADDITIONAL INFORMATION

- **Languages:** Arabic (Native), English (Professional Working Proficiency)
- **Soft Skills & Leadership:** Technical Mentorship, Agile Problem Solving, Cross-functional Communication, Critical Thinking, Team Leadership, Adaptive Learning
